Any competitor must have **ALL THREE SCORES ZEROED** for any of the following:

- Not completing a pattern (this includes missing out moves)
- Pausing for more than 3 seconds during the execution of a pattern
- Any 2 major mistakes (**see below**)
- Incorrect positioning on the mat to leading to the competitor 'crashing' into the judges (i.e. the officials must not be expected to move to allow the competitor to complete the pattern)
- Not commencing the pattern within 3 seconds of being given the command to start

NOTE: *In the event of the two competitors colliding or one competitor being impeded by the other's movement during the execution of the pattern, the centre referee must stop the match, bring the competitors back to the ready position and allow them to reposition. There will be no penalties to either competitor. If the collision or impediment occurs during the designated pattern, the same pattern must be performed again once repositioning has taken place.*
